Mory's
The Captain's Room
Given in Honor of
Those Who Compete for Yale
By Nicholas F. Brady '52

Louie and his friends, 1911.

A Legacy of Music, Mirth and Meaning

For over 150 years, Mory's has been a unique gathering place for conversation, fellowship, music, and good cheer.

Mory's began when a small group of Yale students, returning from crew practice, stopped off at an obscure taproom on Wooster Street. Mr. & Mrs. Moriarty welcomed them with "old-fashioned courtesy." Later, Mr. Louis Linder took over as proprietor, continuing the hospitality, adding a *cappella* singing to Mory's appeal, and moving the Club to York Street.

Mory's is the home of the Whiffenpoofs, Mory's Cups, and carved wooden tables. The Club exudes tradition, and each class of Yale students adds their own mark to the legacy sparked by those thirsty oarsmen.

Mory's Momentum

A rejuvenated Mory's reopened in 2010, following the renovation of its historic home.

Members now enjoy wine tastings, trivia nights, a distinguished speaker series, great food, a welcoming Temple Bar, and many opportunities for fellowship. Student members currently number more than 2,500.

Mory's is preserving its storied past while creating a foundation for the next century.

CAMPAIGN GOAL

The *More Mory's Campaign* is designed to create capital and endowment funds to preserve Mory's historic building, collections and traditions, and will retire legacy obligations.
